Tuesdays and Fridays

FOOD WILL WIN THE WAR

Mr. W. H. Kaye, federal food administrator, has given out the following statement:

"The time has come when every American must decide whether or not we will do our part and help England, France, and Italy, or whether America must shoulder the full burden of this war. If food is not saved and forwarded to the Allies, America will eventually be compelled to fight Germany single handed. Do not attempt to excuse yourself because some other person fails to do his duty. Do your part; practice and preach conservation. If you know of anyone who is hoarding, send the name and address to the Federal Food Administrator and the case will be placed in the hands of the United States District Attorney. Our soldiers and their comrades in arms are risking their lives that the world in the years to come may enjoy peace and democracy, and we who remain at home must render vital helpfulness to these gallant men by saving and forwarding food. The more we are willing to sacrifice the more glorious will be our victory."

Lincoln county boys are on their way to the trenches. They offered their lives to their country and to our country. The people of Lincoln county are patriots and brave men. The request to conserve food that can be sent to our soldier boys and their allies in the trenches, is a reasonable one. There will be no attempt to evade the law in this county. Any attempt at evasion will be met with scorn and he who evades will be held up to the contempt of all people. The brave boys who fight our battles will be fed and our gallant allies shall not hear their women and children cry for bread.

Over the top boys and give 'em hell! We will save food and send it to you.

LIBERTY LOAN PRIMER

One of these days there is going to be another Liberty Loan and the people of the United States are going to be asked again to back their faith in the principles of liberty and democracy with their pocketbooks.

It is often much easier to subscribe to a principle vocally than to back it with hard money.

But think a minute. The United States has under arms today some 1,900,000 men, every one of whom has declared his willingness to give his life for the principles that some folks hesitated to loan their dollars for.

These men must be fed, equipped and cared for in every way. Nothing this nation can do is too good for them. That costs money. Who begrudges it?

This war is not over yet. The rosy optimists who think America can sit down and wait until Fritz hands them Berlin on a platter menace the nation. Every sound observer knows Prussianism is fast in the saddle and riding hard.

We are going to need more men—how many no one knows. Perhaps 3,000,000. Are we willing to pay for them? Be sure of one thing. We will either pay for the army or pay the Hun.

The government of the United States has not asked a cent in gift of anyone. It has asked to borrow money and in return has given the best security in the world. Remember that.

So get ready for the next Liberty Loan. Save and sacrifice. Nothing we can ever be asked to do will measure the sacrifice of the American boys who will "go West" in the front line trenches before Victory is won.

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapiesin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes

You don't know what upset your stomach—which portion do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapiesin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapiesin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

Final enactment of the Railroad Control Bill is expected this week. House and Senate conferences are confident that they soon can thresh out all differences. In the Senate the War Finance Corporation measure will come up. The bill to provide for registration for draft of men attaining 21 years since June 5, last, is being pressed.

THE PNEUMONIA SEASON

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.

TO THE PEOPLE OF LINCOLN COUNTY:

It is hardly necessary for us to say that the most important question now before this people is that of roads. We are all vitally interested in having good roads. This is a road age and the very best advertisement any county can have is good roads, which not only increase the value of the land itself but of its products. We all know that the roads in this county are not what they ought to be, in fact that they are in very bad condition. The people feel that they have been heavily taxed and still have bad roads. The present Fiscal Court is determined to do all in its power to see that every dollar of the tax collected shall reach the roads and that the county shall receive a fair and just return for the money expended. With this end in view, the office of Road Supervisor will be abolished and the care and keep of the roads will be apportioned in small mileage to persons along the road, who are responsible and directly interested in having good roads and who daily travel them, and hence can and will, at the very least cost, see that all defects in the road bed or ditches are repaired at once and as soon as they appear. This system will in our opinion give us much better roads at much less cost. The present Fiscal Court will also apportion the road tax fairly and equitably all over the county, so that every road and community will receive its just share. We think the system adopted by the court is a step in the right direction but the court is satisfied that the present tax is not sufficient to put our roads in repair, even with all the economical business methods it can use. So that, in order to put our roads in repair, it will be necessary either to levy an additional tax or for the people along the roads to donate some material, time and labor. Most of us have upon our farms material—stone or gravel—absolutely injurious to farms, and which we can furnish at practically little cost, yet which would be a great benefit to the road and a great saving to the county. Most of us have men and teams which we can easily and without appreciable expense spare for a day, and all of us can give at least three or four loads of broken or crushed rock or gravel. The material furnished and the labor would be used only for the betterment of the road along our farms and which we travel. Now we think most of us ought to have and do have enough of public spirit and pride in the welfare of our county to heartily join in the good roads movement. We have spoken to many people of this plan and they readily approve of it and say they will certainly join in it. So we expect to have canvassers for each road appointed by the magistrates and thus every person will be called upon and asked to join in this movement and to pledge material, teams and labor for at least a day in the early future, and thus have the roads all over the county repaired upon the same day. If you approve of the plan speak to your neighbor about it and get him interested and let us all get together and not only repair and put in first class condition all of our roads, but thereby avoid the necessity of any further tax.

The week of March 18 is designated as road working week and it is hoped that all who can will haul their rock and gravel on the 20 and 21. It is intended that the rock and gravel be hauled as short a distance as possible, so it will be arranged that each person who donates to the good cause will be allowed to put his rock and gravel near his home.

W. G. GOOCH,

W. P. GRIMES, Jr.

STANFORD PLUMBER THOUGHT HE NEEDED NEW PIPES

"My stomach and intestines were always full of gas and I often had severe colic attacks. The pain and soreness caused me to think I needed a new set of pipes. Since taking May's Wonderful Remedy all this trouble has disappeared and my only trouble now is to make enough food to eat. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. The Lincoln Pharmacy and The Penny Drug Store."

MR. KING ON SEED CORN

Mr. W. L. King, of the East End of the county, gives this very certain method of testing corn for seedling purposes. It is about the quickest way, and Mr. King thinks it the surest. Fill a quart fruit jar with rich dirt. Use a small stick for making holes through the dirt that the grains may be dropped in. After each grain put in a little dirt. Place the jar around the stove and when the dirt gets dry pour in a little water. The test can be made in three and a half to four days. Mr. King swears by the test, while others give it their unqualified endorsement.

A BILIOUS ATTACK

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and your liver will be as well as ever. They only cost a quarter.

Auto thieves hung out their "Busy Not to be Disturbed" sign in Louisville and stole five machines within the space of two hours.

STANFORD SCHOOL HONOR ROLL

Grade 1—Lydia Baumann, Keith Duncan, Mary Gover, Homer Gooch, Florida Kennedy, Artelia Von Gruenig, Shirley Wallin.

Grade 2—Marie Baumann, Effie R. Caneer, Bessie C. Ferris, Dorothy Newland, Lillian Von Gruenig, Herbert Gover, Cal Lynn Nevius.

Grade 3—Sam Bell, Winfrey Duncan, Florence Denham, Marie Kennedy, Louise Moore, Adam Walker.

Grade 4—Zella Barnette, Beatrice Camenisch, Bettie Davis, Lucile Dunn Della Mitchell, Emily Jones, Wealthia Reynolds, Charley Blankenship, Allen Borders, James Holman, Charles Masters, Louis Mer-shon, James Matheny, Frank Wallin.

Grade 5—Lillie Ballou, Annette Carson, Pearl Master, Eunice Pepples, Katherine Murphy, Foster R. Phillips, Florence Pettus, Mary Ruth Reinhardt, Hatler Smith, Leona Traylor, Sabra K. Walker, Thelma Walls, Mary Louise Woods, William Matheny.

Grade 6—Sadie K. Kincaid, Olga Camenisch, Mary Louise Stone, Har-din Borders, Robert Caneer, Matilda Bell, Vada Wallin, James Paxton.

Grade 7—Frances Tate, Susie Reynolds, Rosa Reynolds, Guy Wallin, Mabel Masters.

Grade 8—Allen Gooch, Margaret Pettus, Adelaide Proctor, Lelia Cook Roney, Isabella Warren.

Freshman—Henry Baughman, Jas. Baughman, Bertha Blankenship, Marie Powell, William Tate, Louise Waters, Lucille Waters.

Sophomore—Wm. Welburn, Mary Pettus, Vio Gose Smith, Frances Cormey, Mary Siler.

Junior—Hester Anderson, Earle Baughman, Sam B. Craig, Allie May Cummins, Carrie Davis, May Belle Lyon.

Senior—Clarence Singleton, Anna R. Powell, Gene Wood, Elizabeth Carter, Mary Bailey, Thelma Francis, Allie R. Fish, Nancy Katherine McKinney, Frances Embury, Anna V. Craig.

IN NEIGHBORING COUNTIES

"Uncle" Harry Meece, the oldest man in Pulaski, is dead, aged 95.

Mrs. Lucy Roysden, aged 79, is dead in the Elhiu section of Pulaski.

The wife of ex-mayor J. L. Waddie is dead at Somerset and much sympathy is felt for the husband.

Lee Crane is dead in the West End of Boyle county after a two weeks' illness of cerebral spinal meningitis.

A. P. Gardner, of Mercer county, who was arrested in Lexington, on the charge of carrying concealed weapons, was held over to the grand jury in \$600 bond.

The body of George A. Chestham, aged 69, was found hanging from the joist in his work shed at his home in Adair county. While it is certain that he killed himself no reason is given for the deed.

Junction City has come to the front as a patriotic leader in the sale of War Saving Stamps. To date the sale has been \$5,310, which breaks all records in Kentucky for a town the size of Junction City.

Mrs. Ray Moss is dead at Middlesboro. She was a daughter of E. F. Gaines, of Danville, and a sister of Fisher D. Gaines, the well-known traveling salesman, who makes this territory every week or so.

Judge J. P. Hobson, of Frankfort; Attorney E. V. Booth, of Louisville, and Attorney F. J. Cheek, of Danville, were in Richmond to look after the interests of the Caldwell Campbell heirs, residing at Silver Creek, who are suing to recover \$25,000. This amount represents an endowment which was given to the Second Presbyterian church on East Main street, by Caldwell Campbell at the time of his death. The money was to be paid to the pastor of the church and the heirs assert that the church has been without a pastor for years and affirm that the money should be reverted to the heirs.—Register.

DEATH OF GOOD CITIZEN

Mr. George A. Eubanks, one of the very best men of this county, died at his home near Hustonville on an early hour Sunday, aged nearly 70. He had been ill for some time of pneumonia. Besides his wife, who was a Miss Bradley, he is survived by one daughter, Mrs. Marshall Herring, of Hustonville. For many years the deceased was a member of the First Baptist church of this city and he was one of the best workers of that congregation. He was a straight forward, honest, good man and his death is a distinct loss to the county. The funeral services were held in the Baptist church of Hustonville at 1:30 Monday afternoon, when Mr. J. C. McClary, of this place, delivered an appropriate discourse. The burial followed in Buffalo cemetery here at 3:30. The death of such a man is a loss to any community. Great sympathy is felt for the aged wife and daughter.

DEATH OF YOUNG WIFE

Mrs. Luke Dunn died at her home in the Mt. Salem section Monday after a brief illness and will be buried in the McKinney cemetery this afternoon after services by Mr. J. C. McClary, of this city, at the home at 2:30 o'clock. The little child born to her a few moments before the end came is still alive. Besides the little one she leaves her husband, to whom she was married only a year or so ago. Deceased was Miss Cynthia Richards, a daughter of Filbert Richards, of the same section of Lincoln county. Mrs. Dunn was a member of the Baptist church and was a most excellent young woman. Great sympathy is felt for all of those who were near and dear to her.

MRS. RICHARD JACOBS DEAD.

Mrs. Richard Jacobs died at her home near Waynesburg Monday after a brief illness of a complication of troubles, aged about 30. She is survived by her husband. The burial will occur Wednesday afternoon at the home burying ground.

THE CORNERSTONE LAYING

The cornerstone laying of the new Methodist church Sunday afternoon proved a very pleasing and interesting occasion. A large crowd was present, and while Dr. W. D. Welburn, pastor of the church, had charge of the ceremonies, Drs. H. J. Brazelton and M. D. Early, of the Christian and Baptist churches, respectively, took part. Dr. P. L. Bruce, of the Presbyterian church, was in Richmond. The services were held in the old building and the greater part of the crowd stood, the seats having been removed some time ago. Dr. Welburn, after the singing of several appropriate songs by the choir, offered a fervent prayer. Another song was sung and then Dr. Brazelton read the lesson for the occasion. Mr. John A. Allen, who probably has been a member of the church longer than any other living person, except Mrs. Peter Straub, gave a brief and interesting history of the church. He said that this plot of ground on which the building had stood was brought Aug. 24, 1864, from John R. Proctor, Mr. Proctor making a liberal donation on the purchase price. The building was dedicated in July of 1865. In giving the names of those were most active in the erection of the house of God as well as its oldest members, he included Messrs. James A. Harris, father of Col. S. T. Harris, long since gone to rest, Barney VanArsdale, also dead many years, John C. Cooper, Ed. R. Chennault, Mrs. Peter Straub, W. N. Potts, Miss Belle Hughes, Miss Kate Wray, J. H. Darst, A. M. Pence, J. W. Proctor, Wesley Dunn, Richard Walcott and John Z. Spoonamore. Joining the church in 1867, Mr. Allen has been a member over 50 years and it pleases the Interior Journal to say he has been one of its best and most consistent followers during the long period covering all of those years. Dr. Early was the next speaker and he said many good things. He told his hearers that he was not a member of the Methodist church, but that his mother, whom he never saw, was, and at this point Dr. Welburn remarked that he had some of the good Methodist doctrine in him. "I urge no objection," said the doctor. He congratulated the church and its members on their undertaking at such a time and hoped and believed that in a short while he would be present at the dedicatory services. Turning to Dr. Welburn, Dr. Early said: "Your congregation, like mine, is rich in poverty, but thank God we are able most of the time to keep our heads above water and by the help of God succeed in our undertakings." After his remarks a tin box was exhibited, which after it filling was to be placed in an aperture left by the masons in the cornerstone for the purpose. The following articles were placed in it. Copy of the Minutes of the Kentucky Methodist Conference of 1917, Christian Advocate, Central Methodist, Pentecostal Herald, Sunday School Visitor, Young Church Worker, Monthly Missionary Magazine, Teachers' Magazine, Our Little People, Worker's Counsel, Epworth Era, copy of Discipline carried by Rev. W. S. Grinstead, a former pastor who died last year and whose signature appeared on the fly leaf, a Hymnal belonging to Rev. Grinstead, a New Testament belonging to Miss Edith Welburn, daughter of the pastor, a list of the officers of the church, a list of the officers and teachers of the Sunday school, etc. Another song was sung and then the benediction, and the exercises were brought to a close. The box was taken on the outside and deposited, after which the large crowd dispersed.

WEDDING AT WAYNESBURG

Waynesburg, Feb. 26—An unusual society event of the week was the marriage on Tuesday evening at 4 o'clock of Miss Grace Jeffreys, of Waynesburg, and Mr. Porter Bell, of Cincinnati, the wedding occurring at the home of Rev. Walden in Danville. The bride was handsomely attired in white messaline and pearl Juliet cap and carried bride's roses and lilies of the valley. She is a young lady of culture and refinement and is admired by her many loving friends. The groom is a very successful young man of Cincinnati. After the ceremony the young couple at once motored to the Gilcher Hotel, where they spent a day or so before they returned to the bride's home.

H. & McC. SELL ANOTHER.

Hughes & McCarty, the Stanford real estate men, sold for D. Canada, of the McKinney section, his farm of 72 acres, adjoining the farm of J. Wesley Hughes, on the pike leading from McKinney to Mt. Salem, to Charles Piles at \$110 per acre. Mr. and Mrs. R. E. Lee Rupley and son, have been visiting her parents in Boyle.

SELL THEIR BEE LICK FARM.

L. R. Hughes and K. S. Alcorn have sold to W. E. Thomas, of Level Green, Rockcastle county, their Bee Lick farm for \$5,000. The boundary contains 200 acres of land and the gentlemen made a nice pick-up on it.

Despondency Due To Constipation

Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

NEWTON SELLS HIS HOLDING

Sylvester Newton, of Somerset, who owned a small tract in the oil section of this county and drilled three "producers," has sold his holdings for a snug sum, but he will not quit the oil game.

In the play Thursday evening

the villain who forges the fetters, Mr. Francis, is no amateur, while Mr. Brazelton, Mr. Newland, Mrs. Kincaid and Miss Wilkinson do unusual work.

MR. BECKWITH'S GOOD TALK.

Private Beckwith, who fought under the British flag for 20 months, being a member of a Canada regiment, addressed a very large audience at the court-house last night and made an interesting talk. He spoke under the auspices of the Liberty Service League. Private Beckwith, who is now only 18 years old, is a New Yorker by birth, but left that State on the death of his father and went to Canada, and a short while later joined the army and went across the waters to fight for democracy. He had some remarkable experiences during his life in the trenches and told of them in a most interesting way. He was wounded several times and inhaled lots of the death-dealing gas from the German tanks, but being seemingly "proof against peril," he yet lives to tell the story of the great war as he saw it and took part in it. He admitted that he had killed a number of Germans, and told where on one occasion he killed two guards, who had been placed around him, when he had been made captive. Private Beckwith exhibited his discharge, having been given it because of his physical condition caused by gas and shell. At the conclusion of his address, Capt. John N. Menefee, Jr., was called for and he responded with a brief talk about things at Camp Zachary Taylor. He said the Lincoln county boys are all doing fine; that they are happy and contented and that what they need more than anything else is cheerful letters from the folks back home. "Don't hold at the boys when you are low spirited, but wait until you feel good and then sit down and write them all the good news you can think of; they'll find out the bad soon enough. Nothing is so calculated to cause homesickness as a 'blue' letter from the family," he said. The Liberty Service League has no dues and no money is paid to the league for membership or otherwise, but on Monday night it was suggested that for the benefit of Private Beckwith, hats be held at the door for those who wanted to drop in a piece of money for the gallant young man who has done his bit for home, democracy and liberty, and a nice sum was in this way collected for him.

QUESTIONS VALIDITY OF ACTS

Federal Judge Walter Evans, of Louisville, called curtly into question the validity of McAdoo's acts as Director General of Railroads, and by inference suggested that he has no right to hold the office, creating a sensation. The matter came up in connection with a ruling by Judge Evans denying a petition by the Louisville & Nashville Railroad Company to transfer six damage suits, growing out of the wreck at Shepherdsville, from the Nelson Circuit Court to the Federal Court. Judge Evans holding that all such cases must be tried in civil courts. In questioning the legality of the acts of McAdoo as Director General of Railroads, Judge Evans went out of his way, himself calling attention to the fact that the railroad company was not calling that into issue, and it therefore has nothing to do with the case.

ON TO CUMBERLAND GAP

The following friends of Col Jim Maret, of Mt. Vernon, have started the Boone Way Pioneer Fund off at a lively clip, in amounts from \$1 to \$25, to be used in the purchase of an automobile for the old road man, the machine to be named "Boone Way," for the highway of that name. The campaign for raising this fund was started only fifteen days since and the results to date are very flattering indeed, and indications are that the Boone Way Man will have his walking mileage considerably reduced for the year 1918. Contributors: J. Cook, Twila, Ky.; J. T. Welch, Col. Umbas, O.; Col. Bennett H. Young, Louisville; W. O. Jones, New York; A. F. Sanford, Knoxville, Tenn.; Louisville Automobile Club, Louisville; Speaker Champ Clark, Washington, D. C.; Dr. E. J. Brown, Stanford; James Clark, Jr., Louisville.

DAILY BEGINNING MARCH 16th

Those living on rural route No. 3, running from Crab Orchard, through Brodhead to Hiatt, Rockcastle county, will be glad to learn that beginning March 16 mail will be served them each week day instead of three times a week. Congressman Harvey Helm was successful in making the change and the patrons of the route are under lasting obligations to him. Jamie G. Carpenter, the efficient carrier on the route, will after the middle of the month be a welcome visitor daily instead of every other day. The good move will give the Interior Journal readers their papers the days following their publication.

K. OF P.'s SERVICE FLAG

The members of Diadem Lodge No. 81, Knights of Pythias, of this city, will on Thursday evening, March 21st, unveil a service flag, in honor of a number of their members who have gone to fight for liberty and democracy. A banquet will be given and there will be a number of speakers on hand, who will tell not only of the great good being accomplished by the order but who will also make mention of the members who have gone either to the training camps or to the trenches. Judge Charles A. Hardin, who is a general favorite here, will be one of the speakers from a distance.

GOV. A. O. STANLEY COMING.

Dr. E. J. Brown, president of the Liberty Service League, announced to the crowd at the court house last night that Gov. A. O. Stanley had promised to come over from Frankfort and address a public meeting of the Liberty Service League and that it is more than probable that he will do so on Friday night, March 22nd.

THE LATEST WAR NEWS

Teuton troops have turned from their attacks in Great Russia to strike at Finland and Podolia. The object of the first is to dominate the Baltic ports, of the latter to hold unhampered control on the country on which so much dependence is placed for food supplies. The French have scored a decided gain in the Verdun sector, penetrating the German positions as far as their fourth line over a front of 1,200 meters. The Americans are being left alone, the enemy probably finding that their recent attacks were too costly.

Russia has bowed to the Teutonic allies. The Bolshevik commissioners sent to Brest-Litovsk have signed the treaty of peace presented by the Germans, according to an official statement from Berlin, which adds that military movements in Great Russia have ceased. The Bolsheviks said they realized that any further delay would mean more onerous conditions and they would sign the treaty without further discussions. In the interval between the breaking up of the first Brest-Litovsk meeting and the one held last week, the Central Powers added materially to the demands. Turkey was the beneficiary of these changes in the peace terms. The new demand included that Russia relinquish the region of Batumi, Kars and Karabagh (Karabagh) to the Turks. These regions are in Transcaucasia and mark a considerable addition to the Sultan's dominions in that section of the world.

American troops, in a desperate hand-to-hand battle, have repulsed a heavy German attack on the salient at the town of Toul. There were a number of Americans killed and wounded, including some officers. One of the dead was a Captain who had been graduated from West Point last year. The Germans suffered heavily, leaving ten dead in the American trenches, while the ground in front was strewn with the bodies of the enemy. In addition, three German prisoners remained in the hands of the Americans.

The location of every dugout, emplacement and depression of the ground in the American trenches was known to the Germans before the recent attack. This became known when papers were taken from the body of a Prussian Captain. German prisoners were frank to admit that the Huns cannot win the war. Deeds of heroism on the part of American soldiers are being recounted by their companions.

German troops are reported to have been sent into Finland, and it is said that the Aland Islands are being used as the base of operations. The Alands are under guard of Swedish troops sent there by agreement with the Russian factions.

The German Socialists have bitterly attacked the peace treaty with Russia. In a debate in the Reichstag there were charges that Germany and Austria already were quarreling over the spoils of war and that the real truth of the situation in the east was being kept from the German public.

Another German raid was made on the American line in the Chemin des Dames sector. After a sharp engagement the Huns retired, leaving four prisoners. The Americans lost some killed and a number slightly wounded or missing.

MRS. DAVIS KILLS HERSELF

At her home at Livingston on Sunday afternoon Mrs. L. H. Davis, wife of Livingston's most prominent merchant and banker, killed herself by shooting. The bullet entered her heart and she died instantly. For some time her sight had been somewhat dimmed and it is thought that she brooded over the fear that she might be totally blind. Mrs. Davis was about 35 years old and left only her husband, the couple having no children. Her husband is a brother of "Fin" Davis, who lived here a number of years ago and was a salesman in the store of George H. Faris.

FATHER OF TWENTY-TWO DEAD

L. P. Coffman, aged about 60, died at his home near Bowen last week and was buried in the Benedict cemetery on Harris Creek. Besides his wife, he leaves 18 children. He was twice married and besides the 18 living children there are four dead. He was an exceedingly kind-hearted man and was greatly beloved by his neighbors and those who knew him well. His funeral was preached by Rev. Edwards and a large crowd attended his burial.

THE BOOK RECEPTION

The book reception given in the Woman's Club Rooms Friday night for the benefit of the public library was a delightful affair. Thirty-four books were given by those who attended. A contest, in which the titles of well-known books were represented, was enjoyed. The prize was won by Miss Mabel Wilkinson. Music was also enjoyed, and delightful refreshments of frappe and wafers served throughout the evening.

TOOK TWO TO THE PEN

Deputy Sheriff R. T. Lewis left Monday morning for Frankfort with Sylvester Jones, who was given three years for bigamy, and Frank Thurman, who got a year for stealing a turkey gobbler belonging to J. L. Beazley. In order that the county and State be put to as little expense as possible, Mr. Lewis took no assistant on the trip.

DR. J. J. BRYNE AT C. O.

Dr. J. J. Bryne, the well-known oculist, passed through Monday for Crab Orchard, where he will be all this week. Those wishing to consult him will find him at the St. Ivan Hotel, near the depot.

Mrs. Mattie Harlan Hutchings

wife of A. T. Hutchings, is dead at Danville. She had been ill for some time.

THE INTERIOR JOURNAL

E. C. Walton and J. H. Wright

Entered at the postoffice at Stanford, Ky., as second class mail matter.

MR. BRYAN GETS HIS

At last Mr. Bryan has gotten a little of what has long been coming to him. He traveled away from Miami, Florida, to Toronto, Canada, to speak on prohibition at his usual charge therefor, but when he appeared in the hall, cocked and primed with ancient and threadbare arguments, the returned Canadian soldiers, wounded and sore at all pacifists, set up such a pandemonium that after vainly attempting to quell it, he retired in disgust. The soldiers wanted him to explain his actions in connection with the Lusitania and why he resigned when President Wilson demanded the fullest investigation of the brutal murder of thousands of women and children in addition to the men destroyed when the dastardly Huns sent the vessel to the bottom of the sea. When there he intended it or not Mr. Bryan played into the hand of the Germans and is largely responsible for the prolongation of the war, which in fact might have been averted had a man of better Americanism and courage been at the head of our state department. Mr. Bryan is loud now in his expressions of loyalty, but he does not fool everybody by them. He ought to have been given the treatment that the Canadians accorded him at home and been made long ago to retire from the public gaze. It was just such men as he that made the Kaiser think he had a soft snap in American hostility. Prohibitionists may clamor that opposition to that dogma was the cause of the treatment, but it had nothing to do with it. It was simply intended as an affront to the man, whose course had so hurtful effect in the prosecution of the war, which the Lusitania made imperative, to the knife and the knife to the hilt, with a foe that gloats in the killing of innocent women and children.

The supreme court of California has affirmed the sentence of death against Mooney, one of the bomb throwers, who killed ten persons. He is a member of that vicious, pro-German organization, the so-called Industrial Workers of the World, which has murdered and destroyed with reckless methods, and the sentence would have long since have been executed but for the effort to make it appear that Mooney was being persecuted as a working man and a friend of labor. An attempt to get President Wilson to interpose in the matter has so far failed and it is hoped that the long deferred penalty will be speedily enforced. The I. W. W. is the most atrocious and seditious conglomeration of mal contents that could be conceived and Mooney seems to have been the most aggressive of them. His miserable life will in small measure pay the penalty of his heinous crimes and he should not be permitted to pollute the earth.

The Rev. Waggoner, who unfortunately was elected to represent the good people of Scott county, seems to have gotten into a hot box. He proposed the amendment to the prohibition bill to grant the person using clause, and when trapped admitted that he did so because he believed that a "wet" member would do so. The committee which reported his bill has issued a statement, characterizing the assertions of the preacher who like a shoemaker should stick to his last, and not dabble in politics, as pure bunk and an effort on his part to keep the bottlegger in politics and make him an issue in the next campaign. The Rev. Waggoner's claim that the bill as passed is unconstitutional, was to feel his constituents, but he was not able to get away with it. Like many of his ilk, the Scott county misfit seems more for agitation than prohibition.

Four soldiers in France have been condemned to be shot for being asleep on sentry duty, but Gen. Pershing, who has the power to enforce the findings of the court martial, has referred the matters to President Wilson for review. While such dereliction calls for condign and capital punishment there will be a general hope that the president may find such extenuating circumstances as will cause a reversal of the judgment. The poor fellows must have been entirely worn out to have slept with the danger of attack and death present and unable to resist the demands of nature, and although it is one of the most dangerous of offenses we hope that justice will be tempered with mercy.

The Daviess county legislator who presented a bill which foolishly practically repealed the law forbidding the seining of fish, voted against it when it came up for passage. He gave no reason for so doing and may possibly excuse himself on the ground that wise men change their minds, but fools never, though it will be hard to convince the average man that he is other than one of Sut Lovinood's darn fools, who has no mind.

The Richmond Register suggests Representative H. C. Rice, brother of our Judge T. A. Rice and Joe S. Rice, for speaker next term. Too late. Dr. W. B. O'Bannon, of the good democratic county of Lincoln, is the logical candidate and he has the speakership nailed down. Not until Madison can elect an entire democratic county ticket can she expect such honors as the Register as for.

The old saying of "stealing the hat off on one's head," was gone one better in Louisville the other night when Mrs. Eva Wilburt, who had a very luxuriant growth of hair, was approached by two men who held her and robbed her of her locks, which they cut off close to her head.

The Somerset Journal announces that it will cut off all "dead heads" from its subscription list. Brer Williams should have done that years ago. Life is too short and paper too high to fool with the fellow who wants his county paper for nothing.

Shoes of Distinction

The Walk-Over Shoe

The World's Greatest of All Shoes

We are still featuring the English model as fancy dictates. Also several other models of the 1918 spring styles--same old price, no advance on these.

Ladies' Walk-Overs in all leathers. These are a work of exclusiveness.

W. E. PERKINS

CRAB ORCHARD, KENTUCKY

The International Harvester Co.

writes that Traffic Congestion throughout the country is going to cause a very serious delay in the movement of all machines and parts this year, and will have their representative, Mr. Frye, with me, Monday, Court Day, March 11th.

All who need repairs for Deering Mowers and Binders will come and give him your order for repairs and be prepared to reap your harvest. Very truly,

W. H. Higgins, Stanford

Attention is called to the card which appears elsewhere concerning help by the farmers on the pikes and roads of the county. Messrs. B. W. Givens, S. T. Harris, W. G. Gooch, R. L. Hubble and W. P. Grimes, Jr., five substantial citizens who have ever at heart the interest of their county, suggest that each farmer give as much as three loads of broken or crushed rock or gravel and ask that they place it on the pike as near their homes as possible during the week of March 18th, preferably March 20 and 21. They suggest that the county is not in financial condition to put the roads in the repair they should be and that to levy an additional tax to repair the roads would materially increase taxes. This would prove burdensome, while the method suggested by the above gentlemen would hurt no one, but on the contrary would help him in securing a better road to haul the products of his farm to town or railroad station. Three loads of rock or gravel is all that is asked of any man. What man with team and rock on his place would not gladly comply with the request? Surely there are none who would not in this favored section. Read the article and discuss it with your neighbors. Push the good thing along and ere long our pikes will be so greatly improved that many will hardly know them.

The government reports that the prices of food increased two per cent in February, making 25 per cent increase in a year. Most of us know by sad experience that this is not news but a serious fact that is putting our noses to the grindstone, if we attempt to eat enough. The New York food profiteers, who bought 27 millions of eggs when they were retailing at 72 cents, did not get them to market before they had fallen to 45 and are consequently in a hole to the delight of everybody who feels the pinch of such mean speculation. The government has ordered that the eggs be put on the market no matter the price.

A Lexington paper says that Judge Kerr imposed sentences aggregating 60 years, during the term of the criminal court just closed. A scrutiny of the cases unfortunately discloses no conviction of the gambling gentry, whose energies curse the city and whose presence seems to be known to everybody but the court and juries. We can not imagine a more gratifying spectacle than would be the conviction of a dozen or more of these comorants and their incarceration in the penitentiary for the longest terms under the law, but it seems that it will never become a reality.

"When a man hath taken a new wife, he shall not go out to war, neither shall he be charged with any business; but he shall be free at home one year, and shall cheer up his wife which he hath taken." Thus reads a verse in the Bible. Then according to holy writ the boys can stay at home, but according to Uncle Sam, those who have married since May 18th and are of draft age, will likely have to fight, the book of books to the contrary, notwithstanding.

Two more surgeons have been cited for court martial for the inhuman treatment of a soldier who died of meningitis. They were employed in a camp in Kansas. If this keeps up, the question may soon be asked "have we nothing but brutes to see after the health of the brave boys, who have offered their lives in defense of their country?"

A supplemental statement of the value of Mrs. Flagler-Bingham's estate places it at \$65,741,552.62. If it keeps on Kentucky will realize enough from it to pay off her five millions of indebtedness.

The Administration Railroad Control Bill was passed by the House last night by a vote of 337 to 6.

The star Russian farce, begun by those now famous playwrights, Trotsky and Lenin, whose first act was introduced to the world by the Bolshevik revolution in Petrograd, and whose second act culminated with the travesty at Brest-Litovsk, has at last given us the third, and it is to be presumed, final act of the most amazing burlesque in the political history of the world. If there is to be a fourth act we may rest assured that Trotsky-Lenin & Co., will not have the writing of it; it will be a tragedy written in letters of blood, by the Russian people, says the Detroit Free Press.

The doctors say that Teddy may lose the hearing of one of his ears. That is mighty bad, but that other ear will be sufficient for him to hear the call of his party to carry the banner for them in the next presidential campaign.

Ed Alvey, who has remained in innocuous desuetude for a long time, has been at last heard from again. He was arrested in Louisville the other day for running a race betting game in the Tyler Hotel.

MARRIAGES.

Since the first of November there have been thirty-two men of draft age married in Pulaski county.

Coy Phillips and Miss Dora Brock, both of the East End of the county, will be married at Rev. Dishon's, near Crab Orchard, today. Marriage license was issued Saturday.

George P. Moore, the clever and efficient lieutenant at W. K. Warner's plumbing establishment, was

married Saturday to Miss Nora, the pretty 16-year-old daughter of Mr. and Mrs. Steve Rice, of Rowland. The young pair have the best wishes of many friends for a long, happy and successful married life.

Public Sale

OF

25-Farm Mares-25

I will sell at Carter's Livery Stable, Stanford, Ky., to the highest bidder, on Monday

COUNTY COURT DAY

March 11th, 1918

at 1 o'clock sharp, 25 extra Illinois farm mares, from 3 to 6 years old, all broken to work and ready to go at it.

These mares are all fresh country mares, weighing from 1,200 to 1,350 pounds. Don't fail to be on hand. You will see as good lot of mares as you have ever seen. Sale positive, rain or shine.

Roy F. Woods, Owner, Robinson, Ill.

Joe H. Jordan, Salesman

Secretary M'Adoo

has earnestly requested all banks to set apart for the present about one per cent of its gross resources per week to be invested in "Treasurer Certificates of Indebtedness of the U. S." bearing 4 per cent interest, which certificates may in about ninety days be used in the purchase of U. S. Bonds of the Third Liberty Loan.

In anticipation of this new bond issue, this Bank now offers its services to purchase for its customers and the public the said certificates, and later the bonds.

The First National Bank Of Stanford, Ky.

PERSONAL AND SOCIAL

March 7—"Broken Fetters" at opera house at 8 o'clock P. M.
March 16—The date of the meeting of the Woman's Club has been changed from March 9th to Saturday, March 16th.

Miss Gertrude Gaines is at Bowling Green taking a business course. Miss Mollie Daugherty returned Monday from a protracted stay in Louisville.

Miss Annie Johnson spent several days with Mrs. J. B. Willis at Crab Orchard Springs.

J. S. Hocker, Jr., was up from Louisville for a brief visit to his father, Mr. J. S. Hocker.

Mr. and Mrs. Carl Starns, of Bryansville, are visiting his parents at Turfville, this week.

Isaac and Hasson Salem left Sunday for New York City to buy goods for the Bargain Store.

Mr. Harvey Mercer, of Cincinnati, is spending a few days with his father, Mr. W. H. Mercer.

Mrs. James Mershon, of Lebanon Junction, came up yesterday for a visit to the homefolks here.

"Broken Fetters" abounds in keen wit, bright humor and genuine pathos. Every character first class.

Dr. M. D. Early is in Louisville attending the meeting of the State Missionary Board of the Baptist church.

Mr. A. J. Borders is assisting in the Spoonamore drug store at Danville during the illness of one of the pharmacists of that institution.

Income Tax Examiner H. R. Saufley returned from Wayne county Saturday, where he had been for several weeks. He went to Irvine Sunday.

Dr. W. B. O'Bannon, Lincoln county's Representative, who spent Saturday and Sunday at his home, returned to his post of duty Monday morning.

Mr. McD. Royalty had the misfortune to fall the other day and badly injure a hip and knee. He is confined to his home on East Main street by his injuries.

Mrs. J. L. B. Coffey went to Memphis Saturday morning to spend a few days with her husband, who is working that territory for the house he is traveling for.

Miss Susan Fisher Woods went to Mt. Sterling to see her little namesake, Miss Susan Fisher Anderson, infant daughter of Mr. and Mrs. G. C. Anderson, who is ill.

Mr. and Mrs. J. T. Lankford and children, Richard, Joe and Miss Frances Lankford, of Gravel Switch, spent several days with Mr. and Mrs. W. P. Kincaid.

Mrs. G. G. Perry entertained Friday evening with a most delicious turkey dinner to a number of her friends. The beautifully appointed table was laden with all the delicacies of the season, and it was the opinion of the guests, the menu could not have been surpassed in any particular.—Richmond Register.

Miss Susan Fisher Woods went to Mt. Sterling to see her little namesake, Miss Susan Fisher Anderson, infant daughter of Mr. and Mrs. G. C. Anderson, who is ill.

Mr. and Mrs. J. T. Lankford and children, Richard, Joe and Miss Frances Lankford, of Gravel Switch, spent several days with Mr. and Mrs. W. P. Kincaid.

"See 'Gets-It' Peel Off This Corn."

Leaves The Toe as Smooth as the Palm of Your Hand.

The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right

It's Wonderful to See "Gets-It" Peel Off Corn!

off with your finger and there you are—pain-free and happy, with the toe as smooth and corn-free as your palm. "Gets-It" is the only safe way in the world to treat a corn or callus. It's the sure way—the way that never fails. It is tried and true—used by millions every year. It always works. "Gets-It" makes cutting and digging at a corn and fussing with bandages, salves or anything else entirely unnecessary. "Gets-It" is sold by all druggists (you need pay no more than 25 cents), or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Penny Drug Store.

Miss Mattie Hoffman, of Louisville, arrived today to visit the family of Mr. John N. Menefee.

Mrs. P. M. McRoberts returned this morning from a visit to her sisters, the Misses Shelby, at Arcadia.

RED CROSS NOTES.

Ohio, Indiana and Kentucky will be asked to contribute \$9,400,000 in the Second Red Cross War Fund Drive for \$100,000,000. R. F. Grant, director of the drive in the Lake Division, announced Friday. The drive dates are May 6 to 13. "Performances and expenditures of the American Red Cross abroad and at home during the first year of the war will be placed before the public before the second drive begins," Mr. Grant stated. "Last summer with but little organization, the Red Cross secured subscriptions amounting to \$119,000,000. And now with a membership of 22,000,000 we have every reason to believe that the \$100,000,000 fund will be oversubscribed."

Washington instructs us to organize at once for the next Red Cross \$100,000,000 national drive. Kentucky's quota is \$900,000. As Lincoln county has never participated in a War Fund drive let us come to the front this time. The drive dates are May 6 to 13. Further details will be announced in subsequent issues of the I. J.

AT HARRODSBURG 6TH AND 7TH

The Woman's Club of this city is in receipt of the following letter, which is self-explanatory. A number of the ladies will attend the meeting at Harrodsburg which promises to be a very interesting one: "The Home Demonstration Department of the University of Kentucky has arranged a series of short courses in Food Conservation. The Federation, through the Executive Committee, has heartily endorsed this work and will co-operate as a war measure. On the 6th and 7th of March, tomorrow and Thursday, one of these short courses will be given in Harrodsburg, and I hope that you and as many of your members as possible can attend as the lessons are interesting and instructive. We hope the new District Chairman will preside and that there will be a number of club women present. Most cordially yours, Wallace M. Bartlett, Em. District Home Dem. Agent

A GREAT BIG CHECK

Mr. Josh Jones Lincoln's hemp king, showed the I. J. force the other day a check which he had just received from Hudson & Davis, the Danville hemp men, for a part of his hemp crop of 1916. It was for \$21,176 and some cents—more money than the average newspaper man sees in a lifetime. Mr. Jones sold his hemp crop of that year for about \$35,000 and the check he showed us was only a balance due him. He had some 300 acres in hemp last year and not withstanding the low price of 11 cents per pound offered now, he will soon get another big check. He says he is going to buy Liberty Loan Bonds with most of the money.

NO MORE CATARRH

A Guaranteed Treatment That Has Stood The Test Of Time

Catarrh cures come and catarrh cures go, but Hyomei continues to heal catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous sales of this really scientific treatment for catarrh grow greater and the present year should show all records broken. If you breathe Hyomei daily as directed it will end your catarrh, or it won't cost you a cent.

If you have a hard rubber Hyomei inhaler somewhere around the house, get it out and start it at once to forever rid yourself of catarrh.

The Penny Drug Store, or any other good druggist will sell you a bottle of Hyomei (liquid), start to breathe it and notice now quickly it clears out the air passages and makes the entire head feel fine.

Hyomei used regularly will end catarrh, coughs, colds, bronchitis or asthma. A complete outfit, including a hard rubber pocket inhaler and bottle of Hyomei, costs but little. No stomach dosing; just breathe it. It kills the germs, soothes and heals the inflamed membrane.

It

Even Bolling, aged 82, is dead in the Parkville section of Boyle.

DOINGS THE COUNTRY OVER

Consumers who buy their winter supply of coal during the spring and summer will be limited strictly to their needs, says Administrator Garfield.

Certain flour mills in Shelbyville, Georgetown and Millersburg have been closed down by the Federal Food Administration for alleged violations of the administration rulings.

Hubert Howe Bancroft, famous American historian, died yesterday at his home in California at the age of 86 years. Bancroft, though a voluminous writer, never took up the pen until well advanced in years.

Elimination of hundreds of small electric generating plants is proposed by the National Fuel Administration to effect a saving of coal. Centralization is the system proposed, and a public hearing on the question is to be held in New York City.

Japan is ready to send a quarter of a million men into Siberia to protect valuable army supplies now stored at Vladivostok. Only the word of the Entente Allies is wanted to set in motion the landing of an army in Eastern Siberia. Paris and London favor such an invasion. As yet the United States has come to no decision, though indications point to an agreement on the part of Washington with the Allies abroad.

The Food Administration has announced a temporary suspension of the menthol, ment and the lifting of the special restrictions against the use of pork on Saturdays. The suspension is made effective for an indefinite period and is expected to last for not less than three months. The reason for the change is attributed to the increased demand made upon the United States for foodstuffs, which indicates a further reduction in home consumption of bread and its ingredients generally.

April 6, the anniversary of America's entry into the war is the date set for the opening of the third Liberty Loan. The amount has not been decided, as it is dependent upon pending legislation, but it is generally accepted that this will be the largest issue yet presented to the people. The rate is indicated by the 4 1-2 per cent. on the last issue of certificates of indebtedness. The campaign will last three or four weeks.

Chamberlain's Cough Remedy A Favorite For Colds

J. L. Easley, Macon, Ill., in speaking of Chamberlain's Cough Remedy says, "During the past fifteen years it has been my sister's favorite medicine for colds on the lungs. I myself have taken it a number of times when suffering with a cold and it has always relieved me promptly."

Women Love Babies

It is woman's nature to naturally respond to the charm of a pretty child. Who does not admire babies? The longing to possess a baby is often outweighed by the inherent fear of the period of distress. There is a most wonderful external preparation known as

"Mother's Friend".

It is a safe external massage which relieves pain and discomfort at the crisis, makes elastic those fibers and muscles which nature is expanding, and wonderfully soothes the inflammation of breast glands.

It enables the expectant mother to preserve her health and strength, and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany a dangerous occasion. Every nerve, muscle and tendon is thoroughly lubricated. Get a bottle today from the druggist, and write to the Bradfield Regulator Co., Dept. G, 200 Lamar Building, Atlanta, Ga. They will mail you an intensely interesting little book "Motherhood and the Baby". The book is free. Every woman should herself acquire it in her glorious work. "Mother's Friend" makes it possible for you to do so and should be used regularly without fail night and morning.

Miss Bessie Kirkpatrick is visiting her aunt, Mrs. William Kirkpatrick this week near Mason's Gap.
Mr. George Farmer and Miss Gustaf Sanders spent the day with Mr. and Mrs. A. J. Hutchison last Sunday.
Mr. Washington Carroll, of this place, is going to move near Parksville. We are sorry to give up such good neighbors.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious Clean Little Liver And Bowels

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

RADIUM IS NOW OFFERED TO ALL FOR RHEUMATISM
This Great Curative Property Can Now Be Tried At Home By Anybody

Radium is one of the most efficient curative properties for rheumatism known to medical science.

But—Radium treatments in the past have been enormously expensive and the cost has prohibited the average man or woman who suffered from rheumatism from trying it. Either the sufferer had to journey to some hot springs to drink the water containing the radium emanations or go to an institution known as an "Emanatorium" where the radium treatment was taken by inhaling the gas—or emanations—given off from a quantity of pure radium.

Now, however, the radium treatment is not expensive. Sufferers from rheumatism can try radium right in their own homes and the cost is no greater than the cost of ordinary medicines.

The manufacturers of Tanlac, the most widely known general system tonic in America, have placed a medicine for rheumatism on the market and it contains radium.

Tanlac Rheumatism Treatment, under which name the new medicine is being introduced, is complete. It consists of a tablet for internal use and a medicament for external use. Each of the tablets for internal use produces four mache units of genuine radium emanation.

If you suffer from the aches and pains and twinges of rheumatism get Tanlac Rheumatism Treatment today and get a real medicine for this dreaded complaint. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic.

ROWLAND
Estes Smith, of Louisville, visited the homefolks.
J. W. Price, of Lancaster, was in this burg recently.
L. T. Smith is visiting his two daughters in Louisville.
Mrs. Capps, of Arizona, is visiting her sister, Mrs. R. L. Albright.
Mr. and Mrs. F. P. Hays are visiting homefolks in Pulaski county.
Mrs. T. J. Jennings visited her daughter, Mrs. Reed, of Danville.
Mr. and Mrs. W. M. Stevens, of Highland Park, visited homefolks last week.

School closed here on the 21st of February, after a successful term taught by Mrs. Frank Hays and Miss Lula Bell.

Mr. and Mrs. Will Perkins were in Danville Sunday.

Mr. and Mrs. Badgett's little child has been very sick, but is better, we are glad to state.

Mr. and Mrs. O. D. Murphy, of Shelby City, spent last Friday with Mr. and Mrs. B. P. Martin.

N. W. Fowle has been worked hard during the last term of court, as he had to make some early calls to catch his victims before they got out of bed to have them before the grand jury.

Division of the country into four great aviation departments is under discussion by a council of Signal Corps officers. The proposed change is in no way due to fatal accidents at flying fields, which are expected but is based entirely on considerations of administration.

Red Ripe Florida Strawberries over delicious Ice Cream, and only 15 Cents

THE PRINCESS

LAND, STOCK AND CROP

Raymond D. Conrad sold an aged mule to John B. Anderson for \$50.
Richard Hester sold to Mr. Hughes, of Lancaster, five tons of hay at \$35 per ton.
J. T. Hugueley, of Danville, has bought the J. F. Linney farm of 54 acres, on the Perryville pike, for \$9,000.
W. M. Bright & Sons sold from Bright's Inn Farms to Banks Hudson to go to LaFollette, Tenn., a car-load of pea green alfalfa hay at \$37.50.
The Rockcastle Stock Pens at Mt. Vernon have been incorporated. The capital is \$5,000 and the incorporators are Gus Stavison, Green Fish and C. D. Sutton.
The Secretary of Agriculture has called upon urban people to aid the farmer during the coming crop season. "If soldiers are willing to serve in the trenches and risk their lives," he declared, "many civilians can well afford to spend a part of their time to serve in the furrows and in the harvest fields."

"I have added Quick Girl and Clara Riffe, Aberdeen Angus cows purchased from Sam Bell on March 2. These cows are Queen Mothers, bred by T. L. Carpenter, Mr. Bell having bought them at J. M. Cress' sale. The price paid by me was \$200," writes M. B. Carson, of the West End of the county.

The farmers are not accepting the 11c offered by the hemp buyers for their crops and will not do so except as a last resort. Many will hold their crops until next year, if it is necessary to get a reasonable price. It is true that several small crops have been sold at the above figure, but no large ones have gone at that.

A large crowd attended the public sale of William Underwood near East Hickman and things sold for good prices. One hundred and twenty-five shoats sold in lots of eight and ten \$16 to \$18 per hundred pounds; sow and six pigs, \$77.50; boar, \$27.50; two gilts \$30 and \$31.50; two calves, \$21.50 each; five three-month-old calves, \$15 each; cow, \$87; heifer \$36.50; cow and calf, \$140, \$90; five horses \$102.50.

During the past week a record was established on the Lexington market, when 4,906,780 pounds of tobacco were sold at the remarkable average of \$30.73. This is the highest average reported on the Lexington market for the same number of pounds. Official reports from the various warehouses show 34,699,695 pounds sold up to the present at an average of \$28.23. The money that growers have received from the crop up to the present date amounts to \$9,793,451.79.

WITH THE CHURCHES.
Eld. J. G. Livingston will preach at McCormack's church at 11 o'clock Sunday morning.
The C. W. B. M. will meet Wednesday afternoon at 2:30 in the lecture room of the Christian church.
The Woman's Missionary Society of the Baptist church, will meet with Mrs. E. L. Reinhart Friday afternoon at 2:30. At the close of the Missionary program there will be a business meeting of the Aid Society. On Saturday afternoon at 2:30 the Missionary Society will meet with Mrs. Garland Singleton. All members are urged to attend these meetings.

The union prayer meeting will be held at the Baptist church Wednesday night at 7:15. While the leader will be a preacher, yet the talks and other parts will be taken by laymen entirely. The subject will be "The Church and the Community Life." Talks will be made by Messrs. C. E. Tate and J. C. McClary. Miss Elizabeth Higgins will sing a solo, and lead a chorus of high school pupils. Clarence Singleton will accompany on the violin. All in all, the meeting promises to be a very enjoyable one, and the attendance should creditably represent the churches of the community.

WOMEN TORTURED!
Suffer Terribly With Corns Because Of High Heels, But Why Care Now

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freezone is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

WILL TEST SEED CORN FREE
The senior class of the Crab Orchard graded school offers to test seed corn free. The class has given the proposition much study and is well prepared to make the test. Any amount from a single ear to six bushels tested. Farmers of that section of the county might with profit give the boys of the school a trial.

Don't forget to eat TURKEY with dressing and cranberry sauce Wednesday at THE PRINCESS

Call has been issued for 10,000 machinists, mechanics, chauffeurs and other skilled workmen needed at once by the aviation section of the signal corps.

M. H. Johnson, Auctioneer **MRS. W. T. MANUEL**

PUBLIC SALE
of Farm, Stock and Crop
As agent for Mrs. Jennie B. Rainey, I will, on
Saturday, March 9, 1918
At 9 O'clock A. M.

sell her farm of 172 and 46-100 acres located on Hustonville pike, three miles south of Danville and one mile north of Shelby City. Sixty-five acres of this farm is in grass, balance to be cultivated this season. This is one of the most desirable homes in Boyle County; has good two-story residence and all necessary outbuildings; two never-failing springs. Farm will be sold for one-third cash and the balance in one, two and three years, of equal payments, interest at six per cent.

Will also sell the following live stock: Six milk cows, two yearling steers; two 9-year-old geldings; one 8-year-old mare; one 5-year-old gelding, and one 3-year-old gelding, and one yearling horse colt.

About 25 barrels of corn in crib, two stacks of millet hay, two hundred shocks of fodder.

IMPLEMENTS: One Deering binder; two 2-horse wagons; one Disc harrow; one corn planter; three cultivators; smoothing harrow two buggies, and other things too numerous to mention.

Terms for the personalty will be announced on the day of sale. Privilege of plowing the ground will be given as soon as sale is made and full possession the first of April.

Sale will be made, rain or shine.

Jno. S. Baughman, Agt., Danville, Ky.
Capt. T. D. English, Auctioneer

Can you afford to pay less?

For over 30 years Crossett Shoes have stood for unusually good leather—strong of body, fine in grain. That is what has given them their superior wearing qualities.

Today such leather can be used only in shoes costing at least \$7.50 to \$12.

Men pay more attention to values than they used to. They find that shoe dollars go further in a high-type shoe like Crossetts.

The shoe below is a fine example of Crossett style and comfort. Let us show it to you.
